Deloitte Student Academy – 4th edition

You are eager to learn. To put your knowledge at work and gain a practical view of your economic understanding. To connect with real people doing real business. You are ready to explore your future career path and get one step closer to accessing a job in Deloitte.

Join Deloitte Student Academy - 4th edition to experience key aspects of our exciting profession and develop a valuable mix of business and communication skills!

Starting from December until April, you will be one of the 70 top students who will take part in a series of highly interactive workshops, facilitated by our senior audit, tax and financial services professionals at the Deloitte office. In addition, through the shadowing days included in the program you will assist our colleagues on their day-to-day projects and get a taste of our actual working environment.

If you:

- Are a 2nd, 3rd year or master student;
- Speak and write advanced English;
- Demonstrate curiosity, business awareness, and eagerness to develop yourself;
- Show an active interest in finance, accounting, forensic and fiscal matters;
- Use rational judgment and an analytical approach in problem-solving;
- Articulate well your thoughts and interact with others easily.
